The applications are re-submissions of applications B-02/2017, B-03/2017, B-04/2017, B-05/2017, and B-06/2017 which lapsed as the conditions of approval were not fulfilled.

DECISIONS AND REASONS OF THE CONSENT APPROVAL AUTHORITY

The Application is hereby:

Granted

Granted On Condition

Refused

The Consent Approval Authority, having considered the evidence presented and reviewed the plan and correspondence on file, and having had regard to the matters set out in Section 51(24) of the *Planning Act*, R.S.O. 1990, c.P. 13, as amended, is satisfied that, in this instance, a plan of subdivision is not necessary or desirable for the proper and orderly development of the Municipality. The Consent Approval Authority therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a one-year period from the date of this Decision:**

1. That the Owner file with the Clerk a copy of the registered Reference Plan, prepared by an Ontario Land Surveyor registered in the Province of Ontario, to include the following:
 - Parts for the severed lands

- Lot dimensions and area in accordance with the applications.
- Location, setbacks, and dimensions of all existing buildings and structures

The Reference Plan should conform substantially to the sketch filed with the Applications for Consent.

2. That the payment of the balance of any outstanding taxes, as of the date of the certification of the Transfer/Deed with respect to the property that is subject to the application shall be made to the Treasurer of the Township of Nairn and Hyman.
3. That comments are received from the Health Unit as to the suitability of the lot for use with a Class 4 (septic) sewage disposal system and comply with any requirements of the Health Unit with respect to existing or proposed sewage disposal systems.
4. That the applicant verify in writing from a local sewage hauler that hauled sewage capacity available.
5. That a Zoning By-law Amendment for the severed lands to permit the existing use and location of existing buildings and structures, be adopted and passed by the Municipal Council, with all levels of appeals exhausted.

Upon completion of the conditions as outlined above, the Clerk of the municipality shall give a certificate to the applicant stating that the consent has been given. **Within a two-year period from the date of the certificate**, the Owner(s) must file with the Clerk, the 'electronic registration preparation documents' for the Conveyance for which the Consent is required, otherwise the consent will lapse per Section 53(43) of the *Planning Act*.

Please note that if a major change to a condition or conditions is requested, you will be entitled to receive Notice of the changes only if you have made a written request to be notified.
